Dear Sir,

This has reference to your above-mentioned letter. We are still not in a position to undertake the DNA fingerprinting tests at CCMB, pending the formation of a separate autonomous Centre for DNA Fingerprinting by the Government of India. A Memorandum of Understanding is being worked out between the Ministry of Home Affairs, the Department of Biotechnology and the Council of Scientific and Industrial Research, and it is not clear as to how long it will take for the Government to establish the Centre but we are hoping that it will come about in the next six months or so. In light of this, I regret that DNA fingerprinting services from the CCMB are not available.

Yours sincerely,

(D Balasubramanian)
